Colts to Co Against Boston Red Sox Today

GOTCH TOPPLES RUSSIAN GIANT
By Formidable Holds Drops Jack Leon Twice in 35 Minutes.

FOREIGNER UNDERGOES INTENSE PAIN GAMELY

President Smith, First and Second Counsellors, and Several Women Attend.

Frank Gotch is the world's premier heavyweight champion wrestler still. In straight falls the Iowa man toppled Jack Leon, the Russian giant, before the most magnificent crowd ever seen at a sporting event in Salt Lake City at the Coliseum Monday evening.

The first fall came in twenty-five minutes with an inside nelson hold, and the second in ten minutes with a toe hold, but the champion gamely declined to count this fall on account of the prejudice against the hold and allowing Leon to wriggle out of the hold, pinned his shoulders to the mat for the third time with a reverse nelson.

Giant In Game.
The Russian giant gave a good account of himself, however, suffering intense pain before his shoulders went to the mat, but his immense strength could not make up for the lack of experience and skill. At the close of the match the champion paid the younger man a generous tribute, declaring that he is the greatest and hardest man he has met on his present tour. Declaring that he had profited immensely from the fight, he expressed a desire to meet Gotch again soon.

The crowd began to arrive early and it was all the police could do to hold it in check until the doors were opened. In the crush many were jostled and in some instances buttons were torn off and clothes were otherwise damaged.

Occupying a box on the right hand side of the lower floor were President Joseph F. Smith of the Mormon church and Anton H. Lund and John Henry Smith, first and second counsellors respectively to President Smith. The Mormon churchmen were seen to be very much interested in the bout.

"Goody," Mrs. Gotch.
Several women scattered among the spectators gave suppressed animation to the scene.

Mrs. Gotch did not attend the match. Instead she remained in her apartments at the Knutsford hotel, anxiously for news of the contest was going, despite her confident declaration of a few hours before that "Frank can't lose."

Leon, coming onto the mat first, was given a generous ovation. Gotch quickly followed and, while cheering greeted him. When Willard Bean, the third man on the mat, introduced the wrestlers, more wild applause followed.

Leon, who was slightly nervous, assumed the defensive at first, but did not disturb Gotch's smile. After five minutes the giant went to the mat, grinning. Breaking a leg and a half nelson, he got up, but Leon was down again. Leon broke an arm hold and in five or six minutes put Gotch on the defensive for the first time.

Savagely Twists Arm.
The champion soon extricated himself, however, and, grabbing the giant by the right arm, twisted it under him savagely. Then, resting his right arm on his shoulder, Leon executed what appeared to be a certain fall this time, though, and in reaching it both went to the mat hard, with Leon on top and landing longingly at Leon's foot for a toe hold, but the extremity was far out of reach.

Obtaining the arm hold again, Gotch savagely twisted the member until Leon groaned in intense pain. With Leon's head in his hands, Gotch's eyes almost starting out of their sockets. The giant bravely suffered the misery, however, but, slipping into a toe hold, which Gotch turned into a fall with an inside nelson.

After a ten-minute rest the men came together again boxing. Obtaining a toe hold Gotch tightly began to put Leon's shoulders to the mat, but the giant, dashing several times, used his hands to break away. Gotch soon obtained a second toe hold and put Leon's shoulders to the mat. Leon refused to count the fall but Gotch generously refused to do so and started another fall with a full nelson that he finished in less than two minutes with a reverse nelson and the big match was over.

The Russian showed remarkable strength and endurance but lacked in experience and skill. He was slow on his feet in comparison to his bulkier appearing opponent. Leon used his wonderful physique and strength, coupled with his youthfulness, he should make a world's champion in the near future.

"He is the toughest and the best man I have met on my tour," was the compliment Gotch paid to the Russian at the end of the contest. "With the proper training he should make a wonderful wrestler."

Cooley Predicts Colts Will Play on Own Grounds Within Two Weeks.

Salt Lake's team in the Union association will be playing on its own grounds within less than two weeks, says the prediction made by Dick Cooley, holder of the Union franchise Monday.

Cooley Monday awarded the contract for grading the grounds on Eighth South between State and Main streets to P. J. Moran. Moran will set a large force of men with graders to work this morning. He is a baseball enthusiast and has assured Cooley that the grading will be rushed with all possible speed. Cooley hopes to have the grounds in shape for his men to practice on within two or three days.

It is possible that the contract for the erection of the grand stand and bleachers will be let today. The grand stand and bleachers will be installed in the southwest corner of the grounds. The grand stand will seat 2000 and the bleachers, just east of the grand stand, 1500, and if more room is needed Cooley plans to put in bleachers with a seating capacity of 2000, on the west side of the grounds just to the north of the grand stand.

The players' club house will be at the north end of the grand stand. Cooley is planning the grand stand and the bleachers with an eye to the comfort and convenience of the baseball loving public. There will be entrances and exits directly underneath the grand stand and at either end.

The grounds will be 350 feet square, slightly smaller than the average grounds, but considerably larger than the grounds of the Toledo team in the American association.

In addition to being within walking distance of the city's business center, the colts' park here will have street car lines on either side.

SPEED CARNIVAL TO HOLD SWAY TODAY

JACKSONVILLE, Fla., March 27.—Everything is ready for the opening tomorrow of the automobile speed carnival on the Atlantic-Pacifi beach course, scheduled to start this morning but postponed on account of unfavorable weather. Reports from the beach are that the course was in excellent condition.

The drivers who will compete are among the best known among them between Jacksonville and Miami. They are: Strang, Edmunds, Tucker, Evans, Tower, Hughes and Ferguson.

There are twenty-eight events. The feature event tomorrow will be the world's record trials for one mile, open to all cars, with a flying start, for a cash prize of \$1000 for the fastest mile and a speed king crown providing the present world's record of 23.3 seconds, held by Barney Oldfield, is lowered.

The mechanics from Germany, who have been repairing the engine of the Blitzen Benz, damaged in San Antonio last February, before Oldfield sold the car, concluded their labors tonight, and Bob Burman will make an effort to lower the present record held by this car.

The 250-horsepower Mercedes, which was shipped to this country especially for this record trial, has shown some remarkable speed in the tryouts.

wrestler," said Leon. "I have no complaint to make. But I have learned a lot from this match and I would like the chance to meet Gotch again soon."

"Personally, I think the toe hold should be barred," said George V. Touhey, Leon's manager. "We were beaten and by a better man, and I do not think that I do not think that the toe hold is any indication of skill or endurance in a wrestler. The effectiveness of the toe hold is due to the strength of the man using it."

The Zimmerman twins, Lloyd and Floyd, 4 years old, opened the card with an exhibition for youngsters. At the close of their three-round bout, which the referee called a draw, they were showered with coins by the audience.

Then came Alex Swanson and Otto Ross in a clever fifteen-minute exhibition, in which Swanson toppled Ross twice.

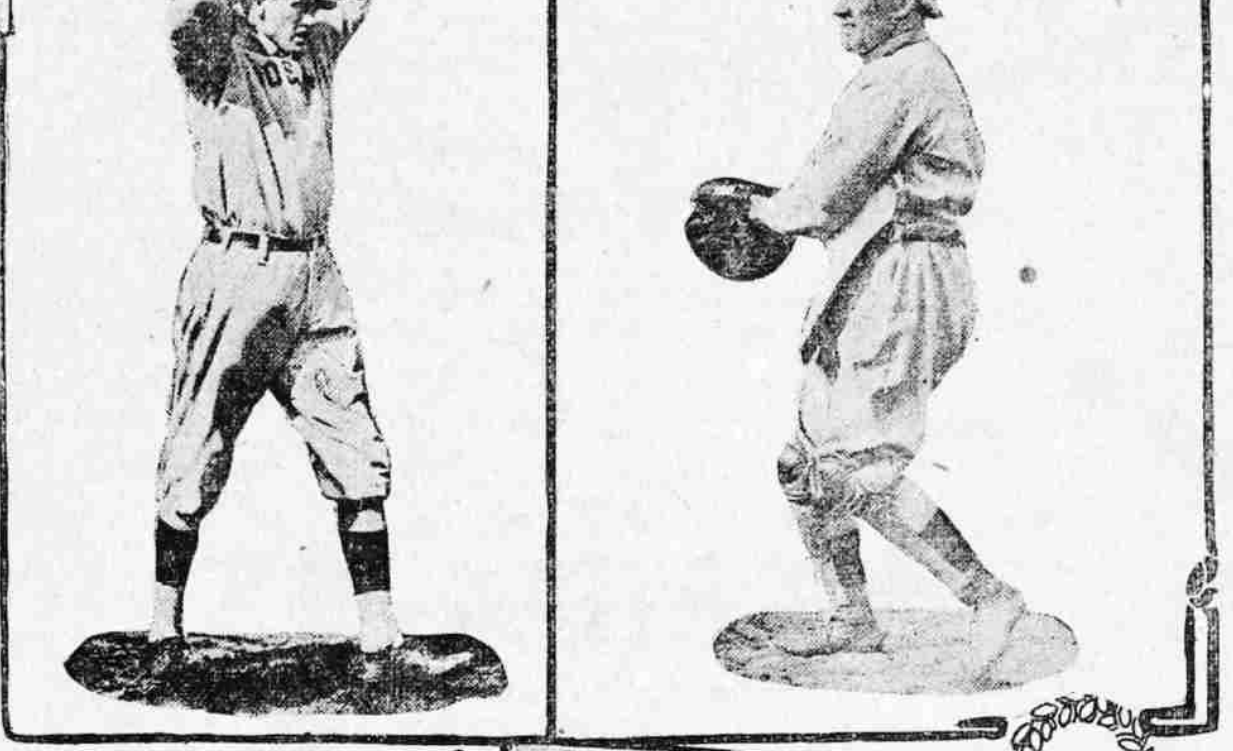

Mike Yokel, a M. C. A. wrestling instructor, threw Danny Koefe right and left, but was unable to topple Adolph Lindroos, a Finn, within the remaining twenty-two minutes of the match. Lindroos' great strength, Lindroos did not attempt to assume the defensive, merely containing himself by trying to avoid a fall, and in his ten-round excess of avoidances over Yokel, coupled with his great strength, enabled him to be victorious.

The paid receipts were \$4561, of which 75 per cent went to Gotch and 25 per cent to the promoter, deducting all other shares and expenses.

It begins to look like Gotch and Hackschmidt will be together this summer, and if they do Salt Lake stands an excellent chance of seeing the match. Gotch and his party go to Ogden tonight for an exhibition in the Ogden theater, promoted by Harry W. Heagren, who promoted the bout here, and from there will go to Chicago before Labor day, after wrestling at Frisco and Los Angeles. Manager Klank has night repeated Gotch's offer to wrestle with him in the world for \$20,000, and all the Russian has to do is to put up his forfeit, which will be \$10,000. If the match is arranged it probably will be pulled off Labor day, and Manager Hackschmidt has already told Salt Lake he will give a chance to bid for it.

Leon and his manager will leave for the east today or tomorrow. Leon to defend himself against the charge of murder, growing out of the death of his opponent in a recent boxing match, and Touhey to promote matches in Boston.

Blankenship Believes Team Has Excellent Chance to Lower Big Leaguers' Colors.

WILL PITCH FIVE MEN
"Slim" Hunt, Old Salt Laker, Likely to Occupy Box for the Visitors.

Blankenship will send his colts against the Boston Red Sox of the American league on the state university diamond this afternoon. Blankenship predicts that his youngsters will give the big leaguers a hard brush if they do not win the game.

The Sox squad, about fifteen strong, will not be able to reach the city until close to 3:30 o'clock this afternoon and for this reason the game will not be called until 4 or 4:15. To overcome delay as much as possible the Sox will dress at the depot they will be met by automobiles and whirled to the grounds as rapidly as possible. This will consume about thirty minutes time and it is likely the visitors will want to get acquainted with the grounds, in which event the game will not start until 4:15 o'clock.

Blankenship hopes to get a real line on his men from today's contest. To watch his men closely he will play the home while Perkins and Clarke will internate behind the bat. He will use all his pitchers except Jachs, the Washington state league wonder, who just arrived Monday from Milwaukee. The colts will line up like this:

Spencer, right field.
Condit, won by a head Jack Atkin.
Swanton or Van, first base.
Conway, left field.
Laird, third base.
Schmitt, second base.
Perkins and Clarke, catchers.
Morgan, Hummel, Mackie, Byrd and Hansen, pitchers.

The Sox probably will line up like this: Perry, center field.
Hansen, left field.
Nebinger, third base.
Engle, second base.
Ruggert, left field.
Hansen, first base.
Busick, shortstop.
Pape or Hunt, pitcher.

In the visit of the Sox to Utah Salt Lake fans will be given an opportunity to see "Slim" Hunt, who twirled for Frank Lumsden's team in the Utah State league in 1905, in action again. Hunt was furnished out by the Bostonians to Sacramento last year and it was recalled this season and he is making good strong.

With the report of Jachs Monday all Blankenship's men are in Byrd and Charles of Port Casey preceded Jacob by a few hours. Byrd is thought to be a find as a twirler. He attracted attention with the Fort Casey team and was wanted by the Spokane nine in the Northwest league last year, but could not get away to join Spokane. Clarke can play both left and right field.

Jachs is a southpaw. Out of seven-teen games pitched in the Washington State league last season he won fourteen, averaging ten strike-outs a game. He is regarded as a wonderful busher.

Blankenship let Turk out Monday on account of his inability to field displayed in the Sunday game with Murray.

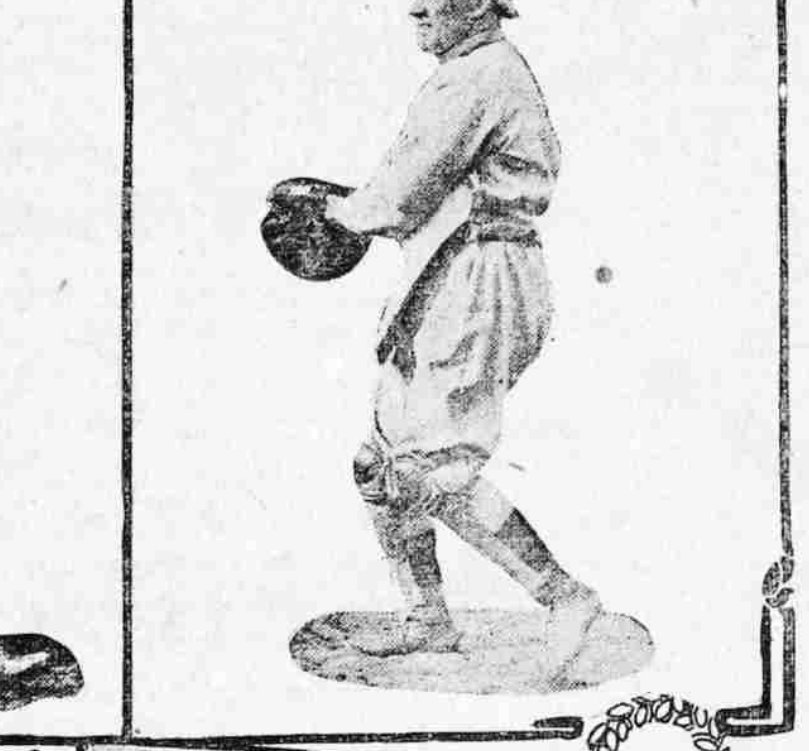

It is likely that last colts will go against "Dad" Gilmie's team of Ogden here Saturday and Sunday. The Sox have been here for a game Wednesday, after which this squad will work its way east to join the other squad, which is taking the southern route. In time for the opening of the American league season.

The Salt Lake team will open the season at home and will play every team in the association before taking to the road. This will give Blankenship's colts five weeks at home and by the end of that time they should be in good shape for the road trip. The reason for the colts' long stay here is that the weather probably will be more favorable for baseball in Salt Lake than farther north.

SAPULPA TAKES ON APPEARANCE OF RENO

All Oklahoma is in Tense Excitement Over Morris-Schreck Bout.

SAPULPA, Okla., March 27.—Eliminating open saloons and gambling halls, Sapulpa tonight looks much like Reno did last July 3. For this is the night before the Carl Morris-Mike Schreck battle.

Of course the match tomorrow will not be a championship affair nor anything like one, but it is the biggest fight Morris has ever fought in and that is quite enough to make all Oklahoma stand on tiptoe and attract much attention from every part of the United States.

The arena in which the battle will be held seats approximately 12,000 persons and practically every seat is sold.

The fight is scheduled to begin at 4 o'clock tomorrow afternoon and go fifteen rounds. The betting is four to one that Morris will win. He is expected to win within ten rounds and even money that Schreck takes the count before five rounds have been fought.

And there is plenty of Morris money in sight. Few are backing Schreck at any odds.

Morris will weigh 245 pounds when he enters the ring. Schreck weighed a trifle more than 200 today. He appears to be carrying extra flesh. In most of his fights he has trained down to 180 pounds.

OLD SALT LAKE PLAYER JUMPS TACOMA TEAM

SEATTLE, March 27.—Woo pervades the atmosphere of the Tacoma baseball camp in San Francisco, where Mike Lynch and his ball tossers are doing their spring training, and it all happened on the 23rd of March.

Not only did heartless San Francisco seas pounce over Tacoma, but the tune of 15 to 4 that day, but Peter Fred Annis capped the climax by suddenly departing from camp, and it is believed is on his way to Los Angeles.

The reason for Annis' desertion from the tiger troupe is not known, but Mike Lynch is confident that the clever southpaw will be back again. He owes the Tacoma club money, so he probably will find it advisable to return.

CLARKE AND LAWSON TO GO TO NEWARK SOON

NEWARK, N. J., March 27.—The members of the big selling Washington company are flocking to Newark from every direction. In a few days they will all be here ready for the opening performance of the new show on April 3. Jack Clarke, the popular little subrobie of the company, leaves Salt Lake today for Newark.

He will be accompanied east by that old favorite, Iver Lawson.

Frank Kramer and many other stars have been here for some time rehearsing under favorable weather conditions. The largest crowd that has ever attended a circus performance has turned out at the opening of the new track.

Machines Enroute.
Despite the fact that the local aviation meet does not open until the three Wright machines to be used by Brookings and Parmelee in their contest are enroute, the local aviation meet has been postponed until the machines arrive. They will be taken immediately to the field and put together by the mechanics.

BYRD BEATS BROOKINGS

Brookings, Parmelee, Williams and Ely Each Has His Little Peculiarity.

FOREIGN AVIATORS ALSO BELIEVERS IN "SIGN"

One Pins Faith to a Pig, While Another Thinks Kitten Brings Luck.

The idiosyncrasies of men to be acroplaining has become a proverbially pretty nearly legion, and particularly there is a prediction among them that a certain disaster to one of the aviators, so strong is this belief that it is said that when Bud Mars, one of the aviators, was preparing for a flight, he was ordered by his mechanic to put a pig in a hood. When he was told this, the story was true he went out and made a fine flight.

His Pig as Mascot.
Among the foreign aviators the idiosyncrasies are even more pronounced. No one is more superstitious than Noor Rabazon, who is flying his machine without taking with him a pig, a pig in France being the sign of good luck. He has a pig named Grange and has decided leaving town on the 15th were bound to succeed. Unfortunately, however, the pig was killed by a car on the way to the airport. Noor would bring his good luck and he took his Blériot off the ground with one leg only.

Machines Enroute.
Despite the fact that the local aviation meet does not open until the three Wright machines to be used by Brookings and Parmelee in their contest are enroute, the local aviation meet has been postponed until the machines arrive. They will be taken immediately to the field and put together by the mechanics.

The fight was one of the bitterest most vicious ever staged in the history of the sport. The ring was covered with blood at the end of the first round, the head, shoulders and chest of Mandino were smeared crimson.

Mandino was floored six times in four rounds. In the fifth round, Mandino went down. Three times he quickly sprang to his feet, each time to be floored. He was apparently exhausted at the last time Flynn hit him with his back to Flynn's seconds then threw a sponge into the ring.
